MINING CAMP FIRE.

Further Particulars of the Mesaba Range Disaster.

FIRST REPORT EXAGGERATED.

The Money Loss Will Be Greater Than Estimated and Will Probably Reach Two Million Dollars—The Fires Are Still Burning.

DULUTH, June 20.—The first accurate news of the fires in the Mesaba range has just been received here. The only communication with the range towns was over a single wire working badly. Press dispatches filed by the special correspondents who were sent with the first relief did not arrive until late, and then only a little in advance of the newspaper men.

Accurate news shows the usual exaggeration in the first report, but the money loss will be greater than at first estimated. The first stories regarding Montana Iron and Biwabik were untrue. At Biwabik only a few detached buildings were burned, and at Mountain Iron only six buildings.

At Virginia the situation is as serious as reported. The entire business portion of the town is destroyed. About 30 houses are standing, and 340 were burned.

Merritt is nearly wiped out, only 16 buildings now remaining in the town. It was impossible to reach Merritt as the woods are still burning all about the village.

The situation of the sufferers at Virginia is particularly unfortunate. Most of them are without shelter, clothing is scarce and food, despite the supplies that have been sent from Duluth, is still scanty. Everything possible is being done for them, and railroads reaching the range are carrying all supplies and provisions free.

On the whole range about 3,500 people are for the time being entirely dependent on charity. In a large measure the women and children have been brought to Duluth.

At a citizens' meeting a general relief committee was appointed, and it was decided not to appeal for outside aid. Between \$5,000 and \$6,000 has been subscribed for the work of relief, and clothing and provisions is coming in on every hand. The city and county have each appropriated \$1,000 to aid in the work. It will be put at the disposition of the relief committee.

Trouble is feared at Virginia from the character of the people. As in all new mining towns the men are many of them hard characters and lawlessness is anticipated. Police Sargeant Smollett and a squad of officers have been sworn in as deputy sheriffs and will be sent to Virginia at once.

The total loss, as estimated by those best qualified to know, is put at \$1,500,000. The insurance, as nearly as it can be estimated, is about \$300,000.

Fires are burning all along the range still and a change of wind will cause more damage, but the danger is not imminent.

The mining companies suffered heavily. The camps and plants at the following mines were either entirely or partially destroyed: Shaw, Commodore, Franklin, Jones, Mesaba Mountain, Ohio and New England.

It is fairly well established now that lives were lost as the result of the fires. The stories current can not be confirmed and the reporters who were on the range say there are no authenticated losses of life. W. G. Taylor at Virginia was badly burned but will live.

ORDER OF ELKS.

Annual Reunion and Meeting of the Grand Lodge.

DETROIT, June 20.—This city is swarming with visiting Elks from all over the United States, this being the week of their annual reunion. The Grand lodge also is in annual session here. Yesterday was devoted to sight-seeing and the reception of the visitors. Last night meeting was held at the Lyceum theater, to which the delegates were welcomed by Mayor Pingree and Governor Rich. Grand Exalted Ruler Edwin B. Hay of Washington responded on behalf of the order and a salutatory address was delivered by Grand Chaplain Henry G. Perry.

The annual parade takes place this afternoon.

In a conversation with Mr. Hay he said that great interest and significance was added to the present reunion of the order by an episode which is nothing less than the killing of the fatted calf for a prodigal mother. For the first time in three years the New York lodge has delegated to a Grand lodge meeting. The question of granting them admission and seats will be settled early in the Grand lodge session.

One of the most important recommendations that will come before the Grand lodge is that the Grand lodge shall be succeeded by a Supreme lodge, and that Grand lodges be organized within the jurisdiction of the several states. Another important thing to be considered is an Elk annexation of Canada. The order being purely American, no authority exists for the organization of lodges except in the United States. A thorough revision of the ritual is also to be considered.

Canadian Town Destroyed.

CARDINAL, Ont., June 20.—A good part of the business portion of this village was destroyed by fire yesterday. Nearly a score of stores and a hotel was burned. The loss is heavy and lightly insured.

Deaths at Mecca.

LONDON, June 20.—Advice from Mecca show that 317 deaths from cholera occurred in that city from June 12 to June 16.

PRISONERS ESCAPE.

Four Men Easily Given Their Freedom at Huntington, W. Va.

HUNTINGTON, June 20.—Four prisoners escaped from the jail here between 2 and 3 o'clock in the morning. The prison is a dilapidated looking structure, and was built for a town lockup many years ago, but was turned over to the county authorities when the county seat was moved here in 1887.

There has been a general complaint by the jailers since then of its being no place to keep prisoners, and many men have escaped from it during the past few years. The men who escaped simply tore a big opening in the brick wall, and easily let themselves through it to the ground below.

The four are: Ed Porter, white, a painter, charged with burglarizing freight cars; he is of a dark complexion and two fingers of his right hand are missing; John Alexander, a burglar; William Davis, a very dark fellow, small and lithe, and Elow Jackson, colored, a burglar. The men were given tools through the gratings with which to make their escape by parties on the outside.

Another Escape.

BUCKHANNON, W. Va., June 20.—A successful attempt of jail breaking occurred here in which Pat Stanton, John Stanton, Franz Haades and Harry Triplet, colored, confined for selling whisky here without a license, made their escape by filing through the iron bars in the door. So far they have not been apprehended. They were assisted in their escape by some friends from the outside.

Convicts Scale the Walls.

JACKSON, Mich., June 25.—James Morrison and William Henson, short-term convicts, escaped from the prison by scaling the walls. They were employed about the engineering of the electric light plant. At the time of their escape no guards were on the wall. They were not missed until three hours after their escape.

ON THE GOVERNMENT PAYROLL.

President Cleveland Makes a Number of Appointments.

WASHINGTON, June 20.—The president has made the following appointments:

To be collectors of internal revenue: Joshua D. Powers of Kentucky, for the Second district of Kentucky; Ben Johnson of Kentucky, for the Fifth district of Kentucky; Albert L. New of Wyoming, for the district of Colorado; James W. Murphy of Wisconsin, First district of Wisconsin; John T. Essary of Tennessee, Second district of Tennessee; Kope Elias of North Carolina, Fifth district of North Carolina; Charles M. Shannon of Arizona, for the district of New Mexico.

To be collectors of customs: August Ross of Wisconsin, for the district of Milwaukee; Charles M. Wallack of Virginia, for the district of Richmond.

To be United States marshals: Otto Peemiller of South Dakota, for the district of South Dakota.

To be Indian agents: John F. T. B. Brentano of Oregon, at the Grande Ronde agency in Oregon; Ralph Hall of North Dakota, at the Devil's Lake agency in North Dakota; W. Leven Powell of Washington, at the Neah Bay agency in Washington; Lewis T. Erwin of Washington, at the Yakima agency in Washington; Frederick Tremond of South Dakota, at the Crow Creek and Lower Brule agency in South Dakota; William L. Hargrove of Indiana, at the Western Shoshone agency in Nevada; James P. Woolsey of Arkansas, at the Ponca, Pawnee and Oakland agency in Oklahoma territory; Joseph Robinson of Missouri, at the Nez Perces agency in Idaho; J. Roe Young of Kentucky, at the Pima agency in Arizona; Thomas H. Savage of Wisconsin, at the Green Bay agency in Wisconsin.

DECLARED IN THE CORTES

That Cuba Must Have Home Rule—The Budget Short.

MADRID, June 20.—There is a deficit of \$6,000,000 in the Cuban budget, but the minister of the colonies states that this shortage can be easily met if the political and financial reforms that are desired by a majority of the Cubans are conceded. On Saturday last the minister of the colonies declared in the cortes that Spain must try new methods in its government of the Antilles, and must grant Cuba and Porto Rico a modified form of home rule, to which, he said, only a minority of reactionists are opposed.

Justice Blatchford Ill.

NEWPORT, R. I., June 20.—Associate Justice Samuel Blatchford of the United States supreme court has been stricken with paralysis at his cottage on Greenough Place. It is thought that he can not recover and his family have been told to prepare for the worst. It is understood from reliable authority that he had three slight shocks in Washington before coming here, and when he arrived last week it was noticed that he was feeble and that he gave evidence of having suffered from paralysis. It is thought that he can live but a few weeks. No one is allowed to see him.

His Body Found.

NIAGARA FALLS, N. Y., June 20.—The body of Henry E. Holmes, the missing treasurer of the Pittsburgh Fuel company, was found in the river above the falls. It had probably floated over to the Canada side. On June 9 Holmes wrote from this place to his relatives that he was going to commit suicide. Friends came here at once, and when they departed they seemed to be in doubt as to whether he had carried out his intention. Holmes was about 35 years of age and leaves a widow and two children.

THE TIME EXTENDED.

World's Fair Visitors Do Not Need to Hurry.

THE CLOSING HOUR CHANGED.

Hereafter the Exposition Buildings Will Be Kept Open Until 10 and the Grounds Until 11 O'clock at Nights—Other News From the White City.

CHICAGO, June 20.—By the action of the council of administration the world's fair will hereafter be kept open for visitors until 11 o'clock every night, instead of on Sunday, Tuesday, Thursday and Saturday nights only, as heretofore.

SCENE FROM THE DECK OF THE BIG BATTLESHIP ILLINOIS.

A new order of things goes into effect on Wednesday night and will be in force until the end of October. The exposition buildings are to be kept open until 10 o'clock and the grounds until 11 o'clock.

California's Day.

The sons and daughters of the Golden state, assisted by a number of old "forty-niners" and their descendants, held high carnival at their magnificent state building yesterday in honor of its formal dedication. The building was beautifully decorated with bunting, everybody was made welcome, and native wines flowed like water. The formal exercises in the afternoon consisted of speeches interspersed with musical selections, at the conclusion of which Governor H. S. Larkham and his staff held a reception.

Laborer Falls to Death.

John Thornin, a laborer, fell from the west side of the manufactures roof yesterday to the floor beneath, a distance of 120 feet. Thornin was putting wire screening along the roof to keep any particles of glass that might become loose from falling to the floor. The intense heat of the day beat upon the glass roof and overcame Thornin. He swooned, and fell from the scaffold and down he went like a bullet to the floor of the great building.

He struck the floor on his side in the middle of the German section within a few feet of horrified sightseers. His head was crushed, both legs broken, one arm mashed into a pulp, and his blood bespattered the section within a small radius. Thornin was picked up alive, and was taken to the hospital.

Thornin was 35 years of age. He died a half hour after reaching the hospital. He lived at Cornville, Ills. An inquest will be held.

Sunday Opening Question.

Owing to ill health Judge Grosscup was unable to hold court yesterday and as a result the motion for a preliminary injunction, which it was expected would be made by counsel for the Wanamaker & Brown, New Jersey corporation, restraining the World's Fair company from opening the gates on Sundays could not be heard.

J. McClelland, one of the attorneys who is interested in the injunction proceedings, said: "Should we be accorded a hearing we will insist that the World's Columbian Exposition company be required to return the \$1,900,000 received from the government, and the court, sustaining this position, we propose to show that the return of the money will render the corporation insolvent, and that it can not possibly recover the loss thus sustained by the additional revenue collected at the world's fair gates on Sundays."

"When do you look for a hearing of this matter?"

"I don't know, nothing has been settled upon. In fact it is almost impossible to say now what shape this matter will take."

Hotel Burned.

JEFFERSONVILLE, O., June 28.—The Jefferson hotel was burned at 1 o'clock in the morning. It was a 2-story brick structure, lately remodeled and refurbished. The guests, together with the landlord and his wife, narrowly escaped with their lives. It looked at one time as if the whole block would be consumed. The Springfield fire department was summoned, but arrived after the fire was under control. The building and contents were fully insured. Loss \$3,000.

Caught in the Act.

DECATUR, Ind., June 20.—About 2 o'clock Sunday morning burglars entered the residence of Joseph Bremerkamp while he and David Rice were out with a party fishing. While the thieves were in the house the fishing party returned, but before Bremerkamp could make any attack, the thieves made a rush for an upstairs window, and, leaping to the ground, escaped in the darkness. Tough characters are continually doing work of this kind.

TO RELIEVE THE STRINGENCY.

Ex-Congressman Burleigh Has a Plan That Is Interesting.

NEW YORK, June 20.—The Times says:

Ex-Congressman Henry G. Burleigh of Whitehall, N. Y.; ex-Congressman Samuel B. Dick of Pennsylvania, Nathan Paige of Washington, Dwight Lawrence of Albany, and one or two others were discussing the financial situation at the Fifth Avenue hotel the other night when Mr. Burleigh advanced a theory which, he said, would relieve the present trouble if put into practice.

"First, let the president call congress together in August," he said. "It won't hurt the lawmakers to perspire so much as it will the bankers. Let them repeal the Sherman act and then remove the tax on national bank circulation. Further, let a law be passed allowing national banks to issue notes to the full amount of their deposits of government bonds, instead of 90 per cent of that amount, as at present, and relief will at once follow."

"The increases of circulation based on bonds deposited amount to \$33,000,000. This will be distributed in all parts of the country wherever there are national banks. This plan will further increase the amount of money, because under this inducement new national banks will spring up."

"It is safe to allow banks to issue notes to the full amount of their bonds, because the bonds are now above par. When the law was made they were below par. This plan will put the circulation on a perfectly sound basis—a gold basis, if you please to call it such—and will give immediate relief."

"This plan is frequently discussed in Washington as one of the possibilities," observed Mr. Paige.

SUSPENDED BANK RESUMES.

The Capital National at Indianapolis Again Doing Business.

INDIANAPOLIS, June 20.—The Capital National bank, which suspended payment May 11, resumed business yesterday morning. There were only three men in front of the bank when Bank Examiner Young opened the doors at 9 o'clock. The first man to enter was a laboring man. He had a small deposit which he drew out not, he said, because he was afraid of the bank, but because he needed the money.

At 9:30 there were 23 men in line waiting to draw out their money and about half as many waiting to make deposits. The men who came to deposit were mostly business men who desire to show their confidence in the reorganized bank.

The new president, N. L. Byram, expressed the opinion that the amount of money drawn out was almost balanced by the amount deposited. The depositors who called for their money were, with few exceptions, men who had small deposits and who needed their money. The bank officers received many congratulatory words from the business men.

"The comptroller required that we should have \$750,000," said President Byram. "We have about \$800,000 money; enough for all."

Bank Examiner Young sat behind the railing watching the progress of business, but as his duties in connection with the opening ended when he opened the door, he took no part in the business proceedings.

LEVEES BREAKING.

Vast Damages Being Done Along the Lower Mississippi.

NEW ORLEANS, June 20.—The crevasse at Reserve plantation, one of the finest in the state, is now 75 feet wide and between 10 and 12 feet deep. A large force of men are at work upon it, and there is some hope of closing it. Traffic on the Mississippi Valley railroad has already been interrupted, and if the crevasse continues much of the track of that line will be swept away. The trains on the Valley road are now running over the Illinois Central, going around by Jackson.

If the break remains open and widens as it must do if not speedily gotten under control, the Illinois Central tracks will probably be flooded and traffic with Chicago over that line seriously interrupted. The river is very rough and a high wind prevails. This is interfering with the work of closing the crevasse.

The levee on the line of the Mississippi Valley road about 50 miles from the city has broken but the gap will be mended.

The break at Harlem, below the city, is a very serious one and will ruin many fine plantations.

CERNEAUS GIVE IT UP.

Withdrawal of Their Appeal to a Franklin County Court.

COLUMBUS, O., June 20.—The Cerneau Masons who have had suit in the Franklin county courts to enjoin Goodale lodge from expelling members who belonged to the Cerneau rite made a motion in the supreme court to dismiss the appeal taken from the circuit court.

The circuit court held that before it could have jurisdiction the last resort in the order would have to be taken, that is to say that the members would have to submit to expulsion and appeal to the Grand lodge for reinstatement, failing to get which they would then have a right to appeal to the courts. It was from this decision that appeal was taken and the withdrawal of the appeal indicates an intention to drop the fight.

Explosion in a Mine.

PITTSBURGH, June 20.—An explosion of gas occurred in Hartly & Marshall's coal mine at Ganksville. John R. McLain, William Chappel and John Lagenti were in the mine at the time but were rescued, although badly burned. The mine is burning furiously.

THE BLAME FIXED.

Those Responsible For the Washington Disaster.

THE CORONER'S JURY REPORTS.

Colonel Ainsworth, Contractor George W. Dant, Superintendent Covert and Engineer Sasse Responsible for the Deaths of the Victims, by Reason of Criminal Negligence on Their Part.

WASHINGTON, June 20.—The coroner's jury, investigating the Ford's theater disaster, has brought in a verdict holding Colonel F. C. Ainsworth, Contractor George W. Dant, Superintendent Covert and Engineer Sasse responsible for the deaths of the victims by reason of criminal negligence on their part.

The jurors further say that the failure of the government to provide for skilled superintendence of the work of repairing its buildings in charge of the war department is unbusinesslike and responsible. They believe such superintendence might have averted the catastrophe.

An impressive silence followed the reading of the verdict, after which the assemblage filed out quietly.

Bondsman for Colonel Ainsworth and Contractor Dant had been secured by them in advance of the verdict.

Colonel Ainsworth shows the strain of the past week upon him. Contractor Dant, who has been ill with nervous prostration since the accident, is improving.

GERMANY SWEEPED BY SOCIALISM.

The Fate of the Army Bill Has Passed From the Popular Mind.

PARIS, June 20.—All European political interest now centers in the result of the German elections, which are impatiently waited for in all the capitals of the old world. There are two disquieting symptoms. The first is the defeat of the emperor, who unnecessarily took a personal part in the electoral struggle, and the second is the constant progress of socialism, which is gaining ground everywhere in Germany, both in the rural districts and in the cities. The question everybody is asking is: What will the kaiser do? This no one can answer, probably not even the kaiser himself.

Advices from Berlin state that the emperor has been deeply affected by what he calls the "ingratitude" of the people. In addition, it is now a public secret that his majesty is on very bad terms with his grandmother, Queen Victoria, because of the projected marriage of the czar's daughter. These facts are giving statesmen much anxiety, because they are well aware that personal motives have always an influence over the emperor. But more especially does the progress of socialism increase their disquietude. All are convinced that William II is of a pacific temperament, but nearly all believe that if socialism continues to advance, and more especially if it tends to the army, the emperor will be forced to resort to a war in order to win, by means of military glory, all those who are not yet attacked by socialist ideas.

All the great cities are already lost. If the rural regions are attacked in their turn, a revolution will break out in Germany inside of 25 years. The situation has been so changed by the success of the Socialists that no one now talks about the adoption of the army bill, the adoption or rejection of which has become a matter of no importance. All realize that the very social fabric of the empire is at stake. It is the general opinion that the army bill will be rejected.

As if it had been done purposely, the Franco-Russian treaty of commerce was signed at Peterhof by the czar.

This is the first treaty of the kind signed by Russia with France since that of 1859, and it is especially significant, because Germany is making great efforts to secure a similar treaty with Russia, and is doing so unsuccessfully.

To sum up the situation, the result of the elections diminishes the chances of peace, because it has increased the general anxiety, and yet everybody, the people, their sovereigns, the Socialists themselves, desire peace.

FOR A PINT OF BEER.

John J. Haggerty Jumps From the Brooklyn Bridge.

NEW YORK, June 20.—A typical Cherry Hill tough, John J. Haggerty by name, who has passed his life in the Fourth ward barrooms and on the East river docks, jumped from the Brooklyn bridge to the river yesterday afternoon on a wager of a pint of beer. He was not injured in the slightest way.

He was drunk when he accomplished the feat, and in the same condition when landed in the police station a few minutes after his leap.

Haggerty is a short, thick-set fellow of 22 years, whose pugnacious ways have won him the sobriquet in Cherry Hill society of "Jack, the Dog."

The jump was from a point about 100 feet west of the New York tower, and the distance to the water is about 130 feet.

Fight With Toughs.

JEFFERSONVILLE, Ind., June 20.—About 2 o'clock yesterday morning a gang of 10 toughs, who had been carousing on the commons all night, invaded the city brewery and demanded more beer. Andrew Bauer, the night watchman, refused, and was assaulted by the gang. Charles Mayer, foreman, came to the watchman's assistance and a severe fight ensued in which Mayer was fatally injured. Several men have been arrested and warrants are out for a dozen more. Mayer's skull was crushed.

The attendance at the World's Fair on Sundays doesn't keep up to its first figures. It has dwindled from 100,000 to about 50,000 in three Sundays. Good, honest people everywhere seem disgusted with Chicago's dishonorable way of doing things.

SOME editors seem to be very much afraid the poor workingman won't have a chance to attend the World's Fair unless it is kept open on Sundays. Judging by the attendance the three Sundays it has been open, the workingmen don't seem to be especially anxious to see the exposition.

It is announced that State Senator Hoertz, of Louisville, will not be a candidate for re-election. He is one of the individuals who has rarely ever been in attendance during the present session of the Legislature but has drawn his per diem right along. His conclusion not to try for re-election is no doubt a wise one.

Will Hoeflich's Menagerie.
Says the Lexington Transcript: "Colonel Billy Hoeflich, the popular steward at the Phoenix, has quite a menagerie in pets: six soft-shell crabs, three terrapins, two horned frogs, one large alligator, one mud turtle, one snake, one raccoon, one opossum and two dogs."

"Week Day Excursions."
During the summer, the C. and O. will sell round trip tickets to Cincinnati every Monday for trains 17 and 19 from Huntington and intermediate stations. Tickets will be good returning as far as Maysville by trains 18 and 20 the day after date of sale. The rate will be one fare for the round trip. These were very popular excursions last season, and should be well patronized this year.

Perhaps This is William Vaughn.
A special from Huntington W. Va., says: "A stranger who gave his name as Charles Vaughn did some hustling work Saturday night in passing forged checks. He started in early with a pocketful of that sort of paper to which was signed the name of Biswick Harrison Milling Company, per T. H. Harrison. They were drawn on the Bank of Huntington in favor of Ed. Murphy. Vaughn was arrested."

Sunday Excursions.
The C. and O. has re-established Sunday excursion trains to and from Cincinnati. A train will hereafter leave Cincinnati every Sunday at 8:10 a. m. for South Portsmouth. Returning leave South Portsmouth at 3:45 p. m. Time in each direction four hours. Another train will leave Huntington at 5:10 a. m. and reach Cincinnati at 11 a. m. Returning leave Cincinnati at 6:45 p. m. Excursion tickets will be sold between all stations. Among the attractive Sunday features in Cincinnati are the free concerts at Eden Park, the Zoo and professional base ball. The schedule provides, in addition to the excursions to Cincinnati, a trip to almost any other point on the Cincinnati division with facilities for returning same evening. Round trip, half fare or less.

Among the Mountains.
The best route to the eastern cities is by way of the F. F. V. over the Chesapeake and Ohio Railway. The scenery through New River canons and over Alleghany and Blue Ridge Mountains is wonderfully beautiful and varied. The F. F. V. runs solid to New York via Washington. It is electric lighted and carries a through dining car. No other train in America surpasses it, and it is the train to the East with through dining car service. Among the Virginia Mountains along the Chesapeake and Ohio Railway are more than twenty famous summer resorts. A pamphlet recently issued entitled "Virginia in Black and White" describing these resorts, and the scenery of the route will be mailed free by addressing C. B. Ryan, Assistant General Passenger Agent, Cincinnati, Ohio.

On the last down trip of the steamer Stanley, a hog ran into the ash-pan under the boilers and was roasted to death.

THE PENSION ROLL.

No Question That It Needs Purging.
What a Former Employee of
the Office Says.

"J. M. Burnett, late an employe in the pension office, has written a letter to the President, in which he lays bare facts in regard to pension office administration under Raum, which are startling even to a public prepared to hear of extraordinary frauds and wrongs in that bureau," says the New York World.

"Mr. Burnett knows all about the matter. He served ten years in the bureau as clerk, examiner, supervising examiner and reviewer of field work. He resigned in 1891, because he would not longer be a party to frauds which he was powerless to prevent. He now relates the facts with specific illustrative instances.

"Briefly, he shows that the laws have been perverted and deliberately set aside in order to purchase votes by putting as many names as possible on the pension list without regard to their right to be there.

"He cites cases in which pensions were granted for disabilities that do not exist and in spite of reports from examiners as to their non existence. He gives instances in which disabilities have been pensioned as of service origin when the proofs showed them to have existed before enlistment. He cites cases in which the war office records showing desertion have been so changed as to show honorable discharge. He shows that forged and fraudulent evidence, the character of which was manifest on its face, has been accepted in many cases as the basis of pension allowance.

"In a word, Mr. Burnett gives samples of every form of fraud and wrong that has ever been charged. He proves beyond a doubt that the pension rolls have been disgraced by the admission to them of deserters, cheats and impostors to an extent which probably costs the government from \$30,000,000 to \$50,000,000 a year.

"Of course no honest man, and especially no patriotic old soldier, wants this robbery of the government to continue. No man who respects the blue uniform and honors the soldiers of the Union wants these rascals longer to stand on the rolls in company with the men who did battle for the Republic. The imperative duty of the bureau, now that it is in honest, patriotic hands, is to overhaul the whole list and strike from it the name of every pretender and cheat. So much is due the country. So much is especially due the honorable pensioner."

FIRE AT DOVER.

Three Frame Cottages Destroyed
Monday Afternoon—The
Loss.

Dover was visited by the "fire fiend" yesterday afternoon about 3 o'clock. Three frame cottages were destroyed, the occupants losing most of their household goods.

The buildings were on the north side of Second street. Two of them belonged to Mrs. Mary Groves and the other was the property of Mrs. Nancy Moore. All the buildings were occupied by colored tenants.

Mrs. Moore's loss is about \$500. She had \$250 insurance. Mrs. Groves' loss is placed at about \$1,500, while her insurance is \$800, \$400 on each house.

The fire started from a defective flue in the house owned by Mrs. Moore.

Teachers Examination.

The first examination for white teachers of public schools for the ensuing term will be held in this city Friday, July 7, and for colored teachers July 14. Examinations will also be held August 4 and 11, September 1 and 8, November 3 and 10, January 5 and 12.

ORANGEBURG.

Lewis and Fleming counties were both well represented at Children's Day services.

Mrs. Mary W. Catherwood, of Winchester, is here on a visit to her brothers and sisters and other relatives.

By the faithful and untiring efforts of Mrs. Minnie Dickson for the past three or four weeks, Children's Day at the M. E. Church was a grand success.

Children's Day was observed at both churches Sunday, at the M. E. Church, South, in the forenoon and at night at the Christian Church. Both had large crowds.

The Ladies.

The pleasant effect and perfect safety with which ladies may use the California liquid laxative, Syrup of Figs, under all conditions, makes it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co., printed near the bottom of the package.

River News.

The river has been rising at this point the past few days.

Pilot Agnew, of the Sherley, has been exonerated from blame in the recent accident at Huntington, when his boat backed into a sailboat, drowning one man.

Captain Robert Agnew, in command of the Hudson, is but twenty-six years of age, and is one of the youngest men who ever had charge of such an important packet. He is the son of a former well-known boatman, Captain John C. Agnew, who for a number of years ran a packet in the Portsmouth and Maysville trade.

A drink that is popular everywhere.
Delicious, Sparkling, Effervescent.

A 25 cent package makes 5 gallons of this delicious beverage. Don't be deceived if a dealer, for the sake of larger profit, tells you some other kind is "just as good"—it's false. No imitation is as good as the genuine Hires'.

Complete Manhood and how to attain it.

At last a medical work that tells the causes, describes the effects, points the remedy. This is scientifically the most valuable, artistically the most beautiful, medical book that has appeared for years: 96 pages, every page bearing a half-tone illustration in tints. Some of the subjects treated are Nervous Debility, Impotency, Sterility, Development, Varicocele, The Husband, Those Intending Marriage, etc. Every man who would know the grand truths, the plain facts, the old secrets, and the new discoveries of medical science as applied to married life, who would stone for past follies and avoid future pitfalls, should write for this wonderful little book. It will be sent free, under seal. Address the publishers, Erie Medical Co., Buffalo, N. Y.

BRAMEL WILL CASE.

The Trial Unexpectedly Terminated, and It Goes Over to the Next Term

There was somewhat of a sensation in the Circuit Court yesterday morning. The jury in the Bramel will suit was discharged by Judge Harbeson and the case was continued till next term.

The case had been on trial for several days, and when court convened yesterday the attorneys for the defendants, Mr. Turner Bramel and others, filed affidavits stating that Mr. Thomas Allison, whose wife is one of the plaintiffs, had talked with Noble Richardson, one of the jurors, about the case on circus day.

The court of its own motion thereupon discharged the jury from further consideration of the case. A rule was issued against Mr. Allison to appear and show cause why he should not be punished for contempt for approaching and talking with a juror in regard to the case; and a rule was also issued against Mr. Richardson to appear and show cause why he should not be punished for contempt for permitting himself to be talked with concerning the case. The rules are returnable to-morrow morning, when the parties will be given a chance to explain.

The suit is over an estate of about \$50,000, and is being hotly contested on both sides. This was the second trial of the suit, the first resulting in a hung jury.

J. W. CUNNINGHAM, who lived in the East End a few years ago, died recently at the home of his brother, north of Aberdeen.

THE season is near and brass kettles, porcelain kettles and ice cream freezers are in demand. Frank Owens Hardware Company sell the best freezer made, "The Gem." All works concealed, all danger mashing hands done away with—the best made.

THE city bridge over Limestone creek is impassable now for vehicles, on account of the excavation made for the western abutment of the new structure. Parties from the east end of the county can reach the city by way of Lexington street and the Fleming pike.

THE C. and O.'s morning express passing here about 6:15 o'clock now carries two sleepers, a chair car and two day coaches, which go through to Chicago. Passengers leaving on this train get into Chicago at 5:40 the same evening, and without change of cars.

WHY pay from 15 to 20 per cent. more for watches when you can buy a fine gold watch at P. J. Murphy's, the jeweler, and save that difference? No better goods made, and I guarantee to save you the difference stated above. Now is the time to buy. Successor to Hopper & Murphy.

SAYS the Flemingsburg Times-Democrat: "Swindlers have been 'doing' the Mason County suckers by pretending to take their orders for books, and the orders afterwards turn up as orders on a neighboring merchant for sums of \$3 to \$8. The swindlers discount these orders for the cash and skip."

It is said that an inventor in Canada has patented a process whereby he cools whisky to about seventy degrees below zero, and then passes a current of electricity through the alcoholic solution. He claims that by this process he can immediately make raw spirits into twenty-year-old whisky.

THE alarm of fire at 9:30 o'clock last night was caused by a small blaze in the second story of the building occupied by Mr. W. C. Richeson as a grocery, on Market street. The flames were extinguished before much damage was done. The loss is fully covered by insurance. The building is owned by the Oddfellows.

DURING the parade given by Robinson's circus in Carlisle Thursday the postoffice at that place was entered by thieves, who, however, were frightened away before they had secured any of the Government funds. B. H. Bryson, the postmaster, was standing in front of the office at the time, and an entrance was effected through a rear window.

SPEAKING of the appointment of Mr. Henry Lloyd, son of Mr. and Mrs. Evan Lloyd of Germantown, to be Second Assistant Professor in the Academy connected with the Kentucky University, the Lexington Press says: "The selection is an admirable one. THE State Board of Equalization made a reduction of 15 per cent. in the assessed valuation of lands and personality, and 11 per cent. in town lots in Boyle County. This is a total reduction of \$841,003 in the assessed valuation of lands and personality and town lots.

A PARKERSBURG merchant was swindled out of several hundred dollars a few days ago by some ginseng diggers. They sold him a barrel of the stuff at \$2.60 a pound, and he afterwards found out that the roots were loaded with lead wire. He had paid \$2.60 a pound for a lot of lead.

BALLENGER's stock of sterling silver goods is one of the most complete and finest displayed anywhere. It embraces knives, forks, spoons, fancy articles and novelties, and should be seen to be appreciated. When you start out to buy anything in that line or any article of jewelry, don't fail to call on him.

THE K. of P. lodge at Mt. Olivet will be instituted Friday evening, June 30. Members of the order from Maysville, Carlisle, Flemingsburg, Cynthiana and Paris will be present. Brass bands have been engaged. An elegant spread will be served and for one night, at least, the Knights will own the town, says the Advance.

JOHN LOGAN, JR., son of a prominent farmer of Harrison County, was shot and killed last Saturday night while returning from a colored moonlight fete. He was a wild and reckless young man, and had gained the enmity of Henry Willis, colored, by taking a dusky damsel away from him. Willis is charged with doing the shooting.

Big preparations are being made for the picnic at Germantown fair grounds next Saturday, in celebration of St. John's Day. Everything is being shaped up this week and nice weather will insure a large crowd. The Dover Brass Band will furnish music. An orchestra will be in attendance also, and there will be dancing in the afternoon.

A SERIOUS MATTER.

Two of Maysville's Peace Officers to be Made Defendants in a Big Damage Suit.

Mrs. Tennie Daniels, of Ashland, came to Maysville last week on business and stopped at the St. James Hotel. A few days afterwards, another party stopping at the hotel claimed to have lost a sum of money—about \$23—and suspected Mrs. Daniels of having taken it. The case was placed in the hands of Chief of Police Fitzgerald and Constable Dawson.

The two officers visited her room, and she claims that in making a search they compelled her to disrobe, and that she was treated in an unwarranted and outrageous manner. She has employed Mr. A. A. Wadsworth, of this city, and Mr. W. H. Pogue, of Ashland, as her attorneys and will bring suit against the officers for \$10,000 damages.

Mr. Fitzgerald's account of the affair is quite different. He says that Mrs. Daniels was asked if she had any objections to being searched, and she replied that she had none; and that she disrobed herself.

She admits that Mr. Fitzgerald did not make the search, but says that he was present while the examination was made by Constable Dawson.

Mrs. Daniels is a widow, with two children, and says her respectability and character will be vouched for by the best people of Ashland.

WILL THERE BE A STRIKE?
The Amalgamated Will Go So Far in Reduction, But No Farther.
PITTSBURG, June 20.—The first conference was held Monday. The eighteenth annual convention of the Amalgamated Association of Iron and Steel Workers, is over and the exciting part of the annual settlement of the wage question has just commenced. The proceedings of the convention, which lasted two weeks, were very tame so far as the general public is concerned.

The convention decided to ask a renewal of the present scale of wages, and for the first time in the history of the Amalgamated association it gave the wage conference committee discretionary powers, which means the committee is allowed some leeway in its conference with the manufacturers and can accept a certain amount of reductions without bringing down upon their individual heads the wrath of the rank and file as happened last year when the conference committee consented to a reduction of 10 per cent in the wages of the finishers and cause the secession of several hundred finishers and the organization of a rival union.

This year the committee, while asking the old rate of \$5.50 a ton for puddling, is authorized to accept a cut of 50 cents, but if the manufacturers insist upon a still further drop, and some have talked of \$3.50 to \$4 a ton to compete with eastern nonunion mills, the entire matter will be referred back to the sub-lodges, located all over the United States, for a vote. The majority is pretty certain to vote against further concessions, and a strike on July 1 will follow. The present scale year ends on the 30th inst., and firms that have not signed the scale by that time will be minus their workmen.

The amount of the concessions which the Amalgamated committee may be authorized to make in wages of finishers is a great secret. They accepted a cut last year and puddlers were spared, so the likelihood of a strike is just as promising as it was described in these dispatches of May 31, when the first announcement of the erection of a high and suspicious fence about the Linden steel works was made. There is no reason for altering the opinion then expressed, viz., that strikes at several big plants and attempts to non-unionize them are certain to be made.

Innocent Man Lynched.
MILAN, Tenn., June 20.—The mob which was supposed to have lynched Lee Bennett, at Glendon, hanged Jim Harris, an innocent man, instead. Bennett is jail at Dresden, heavily guarded.

A Broken Axle.
KANAWHA, W. Va., June 20.—An axle broke under a freight car here, causing a bad wreck and tearing up half a mile of track.

A Fatal Fall.
MASSILLON, O., June 20.—William Westgate fell 30 feet from the wall of the new Methodist church, alighting on his head and shoulders, on some dressed building stone. He received fatal injuries. This was the first day he started to work after returning from a trip to England.

Some Hope For Van Loon.
COLUMBUS, O., June 20.—Governor McKinley has called a special meeting of the board of pardons to consider the case of Murderer Van Loon for July 3. In case the board can not complete its review the governor will respite Van Loon.

Foster's Creditors.
FOSTORIA, O., June 20.—The committee appointed by the creditors of Charles Foster have prepared blanks proposing a settlement on the basis of 50 cents on the dollar, and have left the same at about half a dozen places for signatures. Thus far about 200 persons have signed, but this is only a drop in the bucket, and it will be many days before a settlement can be made on that basis. Mr. Foster is confident he can pay out in time if the 50 per cent deal is agreed upon.

Fight With a Burglar.
INDIANAPOLIS, June 20.—Lou Henderson, a noted burglar, was caught robbing a store here. He escaped, but received a scalp wound from an officer's pistol. Later two officers went to his mother's home to arrest him. He resisted, using a pistol and knife, while his mother and sister used flatirons. The women were first "laid out" with clubs, and Henderson was shot through both knees before surrendering.

Burglar Heavily Sentenced.
NEW YORK, June 20.—Frank Davis, the burglar, who robbed many residences on Fifth avenue and other fashionable streets of this city, has been sentenced to 24 years and six months' imprisonment. Davis came here from Chicago, where it is believed he committed numerous burglaries.

Young Girl Suicides.
NOBLESVILLE, Ind., June 20.—Anna Mahan, 14, suicided by swallowing carbolic acid. After swallowing the dose she told her father she had taken something to kill herself and asked him to smell her breath. She died in 15 minutes and before a doctor could be procured.

Grocery Firm Assigns.
COLUMBUS, O., June 20.—The wholesale grocery firm of J. & G. Butler has made an assignment to Charles Butler. Liabilities, between \$50,000 and \$60,000; assets, \$80,000. The assignment is stated to be due to the prevailing stringency of the money market.

Wealthy Man Suicides.
PITTSBURG, June 20.—Phillip Graver, a wealthy resident of Allegheny City, committed suicide by shooting himself in the head. When found he was dead. He was 54 years old.

Indications.
Fair weather, followed by increasing cloudiness and probably showers in southern Ohio; cooler; east to south winds.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
